METEOR | SUSPENSION

PRODUCT PHOTOGRAPHY & SPECIFICATIONS

CARLYLE COLLECTIVE

BY CHRISTOPHER BOOTS

Meteors slash through the sky, dazzling all who witness their strangeness; the ancients revered the sky-fallen as messengers, their sudden appearance heralding momentous times. Meteor conveys the dynamism and ethereal fire of cosmic matter speeding towards Earth through carefully selected gradations of natural smoky and clear quartz. Warm, dimmable light emanates through the natural crystal, the dramatic glow drawing a fiery streak from shadow.
