CARLYLE COLLECTIVE

BY FBC LONDON

DESCRIPTION

The Column range is inspired by the columns from the Roman/Greek temples. This range features the geometric pattern of industrial scale rivets on the columns. These originate from the large rivets commonly seen in the industrial pieces of the era. It is available in bronze or Antique brass finish and the contrast materials of the top in either marble or glass adds interest and texture.

FINISHES

FBC London products are fabricated to the highest quality. The majority of finishes are made and finished by hand and thus some variation is to be expected. FBC London works closely with our fabricators to assure all the finishes are to our typical high standards and closely align to FBC master ref erences. With finishes of natural material such as wood and stone inherent disparities in colour and grain pattern because of variations caused by na ture, over which FBC London has no control. FBC London cannot guarantee exact colour, grain, or texture of wood or stone but will work closely with you as our client to highlight this where necessary.
