OVERLAP | COFFEE TABLE

PRODUCT PHOTOGRAPHY & SPECIFICATIONS

CARLYLE COLLECTIVE

BY HESSENTIA

DESCRIPTION

All coffee and side tables Overlap have been designed to enhance lightness to a heavy raw material like marble. Four cavities on top, one for each side, envelope the legs that support the marble top, with rectangular shape and rounded corners. A metal ring hugs the legs making the pieces of this collection even more unique. They are available with marble legs or with wooden lacquered legs.

SPECIFICATIONS
