MILLER | COFFEE TABLE

PRODUCT PHOTOGRAPHY & SPECIFICATIONS

CARLYLE COLLECTIVE

BY HESSENTIA

DESCRIPTION

For many years, our company has been glad to cooperate with the Masters of glass art in the Venice area. Miller collection of coffee tables is the perfect result of the ability of these artists, who learnt the ancient Murano working techniques and have handed them down from generation to generation. The glass top was born from the desire to experiment with a completely unconventional product, reinterpreting a millennial tradition in a modern key. The production difficulties inherent in a casting process aimed at obtaining a large and thick glass top, make this piece a truly unique element. The top is supported by a metal plate that accentuates the reflections of the lower part of the glass, resembling sea ripples. The cylindrical base consists of several thin metal rods connected to each other.

SPECIFICATIONS

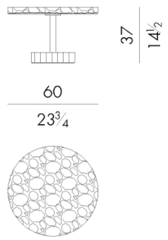

Materials: Artistic glass, Metal

Design: Claudio Cappellini - 2018

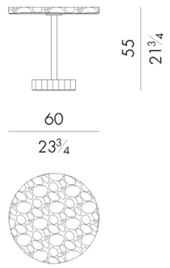

Dimensions:

- DIAM. 60 x 20 H cm (MILLER.1060/B/HE)
