DESIGN INTENT NOTES

1. Continuous sculpted frame with substantial rounded sections and arched openings beneath the seat.

2. Rear legs and uprights formed as one continuous structural element.

3. Seat and back pads removable for upholstery and service access.

4. Manufacturer to engineer joints, reinforcement, foam density, and radii without altering the approved profile.

STATUS	PRELIMINARY DESIGN INTENT
DATUM	18 IN FINISHED SEAT HEIGHT
UNITS	INCHES

All dimensions are proposed from the approved render proportions and must be verified through manufacturer engineering and a full scale prototype before production.
