

The Dune collection is a series of marble sculptures for the home, defined by bold and imposing forms with soft, sinuous lines inspired by desert dunes. Each piece is shaped as if softened by wind over time, creating a tactile contrast between the hardness of marble and the artisanal softness of craftsmanship. The natural colour variations of each block of marble make every object in this collection unique and unrepeatable.

All pieces are handmade in Italy. Type of marble and sizes can be customised on request.
