

Wax is a sculptural stool shaped by a dialogue between contrasting materials. A lacquered top flows seamlessly into solid wood legs, creating a continuous form that highlights the purity of its construction. Machine cut, hand finished MDF, pores sealed and sandblasted before lacquering in any RAL colour, matte or high gloss. Legs in MDF fully veneered and stained in any of the vendor's wood finishes. Comes assembled. Felt glides.

SPECIFICATIONS

WAX

W 15.9" / 40.5 cm - D 16.7" / 42.5 cm - H 15.7" / 40 cm
