

The Erwin coffee tables explore the relationship between weight and balance through two interdependent volumes. Marble and lacquered wood meet in a composition where one element appears to shape the other, creating a form that feels both instinctive and precisely resolved. Machine cut, hand finished MDF, pores sealed and sandblasted before lacquering in any RAL colour, matte or high gloss. Insert is 20mm of any of the vendor's marbles or stones, with the option of high gloss, matte or brushed finish. Comes assembled. Felt glides.

SPECIFICATIONS

ERWINS

W 15.7" / 40 cm - D 15.7" / 40 cm - H 17.7" / 45 cm

ERWINM

W 27.6" / 70 cm - D 15.7" / 40 cm - H 11.8" / 30 cm
