SIPO MAHOGANY & POLISHED BRASS

SIPO MAHOGANY & POLISHED BRASS

DESCRIPTION

No. 1 gives an atmospheric and functional light over the table. The wood shade works as a reflector, transforming the hidden LED light into a natural, warm temperature.

Each shade is made from a carefully selected piece of wood, processed into a thin shade and cut to maintain the natural structure of the wood, then ground and treated with beeswax. Each fitting is milled from a solid piece of brass, polished and surface treated to complement the wood.

Designed by Morten Mernøe for the family dining table. Handmade and customised to order in Copenhagen.

DIMENSIONS

Shade: L 100 cm x W 24 cm x H 10 cm (39.4 in x 9.4 in x 3.9 in)

Also made to order in 150 cm and 200 cm lengths; a middle cord suspension is included for lengths of 200 cm and above

Ceiling canopy: L 87 cm x W 10.5 cm x H 9.7 cm (34.3 in x 4.1 in x 3.8 in)

Cord: 4000 mm (157.5 in)

WEIGHT

Shade: 2.4 kg (5.3 lbs)

Canopy: 2.6 kg (5.7 lbs)

LIGHT SOURCE

LED source: High Effective +95 CRI

Average lifetime: > 50,000 hours

Max power consumption: 40 W (Osram OTi DALI driver)

Input voltage: EU and US

Color temperature: 2400-3500 K, depending on wood species

Dimming: touch control

Energy efficiency: Class A+

MATERIALS

Solid wood shade, treated with beeswax; fittings milled from solid brass

FINISHES

See the Materials & Finishes sheet for woods and brass finishes

LEAD TIME

Made to order: 10 to 12 weeks
