- ✓ **1:1 human support**

The most cost effective ICHRA platform. We offer a \$100 monthly platform fee + \$25 per **active** employee

\$0 cancellation | No setup costs | No hidden fees

What is ICHRA powered by StretchDollar?

StretchDollar is pioneering a simpler way for small businesses and franchises with <50 employees to offer employee health coverage. Brokers partner with us to offer their clients (like you!) a flexible, affordable solution to offering health benefits.

How it works

ICHRA allows you to set a monthly, pre-tax allowance for your team. They then shop & purchase a plan that makes sense for them. Every month, they get reimbursed for their premium up to their set allowance.

On average, employees have 30+ health plans from regional & national carriers to choose from
