

YOUR SUPPORT MATTERS

Last year, the kindness and generosity of our community helped us make a significant impact on the lives of our residents and patients. Together, we provided charitable care and fulfilled our mission to support friends by offering peace of mind.

With the acquisition of Richfield Living last year, our commitment to providing exceptional care has only strengthened. Our mission is now even more crucial as we strive to serve a larger community.

Your support has been invaluable as we continue to navigate the challenges of providing compassionate care, innovative treatments, diverse living accommodations, and specialized rehab and therapy services. Your generosity ensures that we can continue to meet the needs of seniors in our community

MEET LINDA MINNIX

Before moving to Friendship, resident Linda was an Anthem Health Insurance representative who lived on her own. She prided herself on not having to depend on anyone. However, after a cancer diagnosis required her to undergo radiation and chemotherapy, Linda was no longer able to walk and needed daily support.

She found a home at Friendship, whose community environment provides her that support. Linda has been a good financial steward throughout her life, and yet affording the services and care she needs can be a struggle. Thanks to our need-based rates, as Linda puts it, “I know that even when my money runs out, that they’re not going to kick me out.”

Picture the smile of a resident finding out they no longer need to be anxious about shrinking finances. The generosity of those who have donated to Friendship removes the fear of an uncertain future. Thank you for making a real impact by supporting residents like Linda.
