Experience

UX Reserch Co-Lead
BMW Group x SCADpro
Savannah, GA
March 2024 - June 2024

I co-lead the research of a 10 week collaboration with the BMW Group Americas. On the project I helped organize research activities, oversaw the scheduling and directing of interviews, and facilitated analyses of qualitative data.

UX Designer
C3 Interiors
Denver, CO
July 2023 - September 2023

I worked closely with the principles to evaluate the business's online presence in order to identify a new digital strategy. This evolved to being contracted to redesign, develop, and test a new corporate website.

UX Research Internship
YORD Studios
Prague, CZ
April 2023 - June 2023

I worked between design and development teams assisting the development of user research on different Metaverses through secondary research and conducting user interviews.
