SPECIFICATIONS	WR3.9
Pixel Pitch	3.91mm
LED Type	SMD1415
Transparency	65%
Brightness	2,000nits
Refresh Rate	3,840Hz
Pixel Density	32,768 pixel/m <sup>2</sup>
Module Size	500 x 125mm
Module Resolution	128 x 32pixels
Cabinet Size	1,000 x 500mm
Cabinet Resolution	256 x 128 pixels
Weight	12kg/m <sup>2</sup>
Power Consumption Max./Avg.	420W/m <sup>2</sup> / 120W/m <sup>2</sup>
Viewing Angle	≥140°
Working Temperature	-20°C ~ 65°C
Working Humidity	10% ~ 90%RH

## BUILT FOR EVERY SCENARIO

### EXHIBITIONS

Perfect for trade shows, brand activations, and corporate displays.

### LIVE EVENTS

High transparency and brightness deliver impactful visuals on any stage.

### TOURING

Lightweight, durable cabinets designed for fast deployment and transport.

### BROADCAST

High refresh rate ensures smooth, flicker-free performance on camera.

### RENTAL READY

Engineered for companies and system integrators who demand reliability, speed, and outstanding visual performance.
