

**MONTESSORI PARTNERS**  
**SERVING ALL CHILDREN**

**MONTESSORI**  
CENTER OF MINNESOTA

Montessori Partners Serving All Children is a multi-sector collaborative to co-develop 10 community based schools in Minnesota. The goal of the project is to ensure high educational outcomes for children living in poverty.

The programme demonstrates that Montessori can be a viable, effective, culturally responsive offering for children from low-income and culturally distinct families and communities.

# Montessori Partners Serving All Children

## Partners:

- Bright Water Montessori
- Cornerstone Montessori School - Montessori Center of Minnesota
- Siembra Montessori Children's House - Centro Tyrone Guzman
- Shakopee Mdewakantan Sioux Community Children's House
- Montessori American Indian Center
- Hmoob Toj Siab - Hmong American Partnership
- Casa de la Bella - The Family Place, a day shelter for families experiencing homelessness

## Siembra Montessori

Supporting the academic and social development of Latino children living in and near Minneapolis by providing a high-quality, dual-language, Montessori learning environment.

Our indigenous children in East St. Paul are participating in the revitalization of their culture through learning their native languages and participating in the cultural customs of drumming, singing and dancing with elders at the Montessori American Indian Center.

Through a grant from the Greater Twin Cities United Way we have been able to scholarship women of color who qualify as low income to achieve an AMI Primary diploma and work with the children in our targeted communities.

All three of the women who received a Women United Scholars for the 2017-2018 Primary Course are now employed in Montessori Partners schools.
