(vi) Institutional set-up for liquidity risk management

The Board of Directors of the Company has constituted the Asset Liability Management Committee and the Risk Management Committee to monitor & analyse the liquidity risk effectively.

The Company manages liquidity risk by maintaining sufficient cash/treasury surplus and by having access to funding through an adequate amount of credit lines to meet obligations, in case required.

The Company manages liquidity risk in accordance with the Company's Asset Liability Management Policy. The Asset Liability Management Policy is reviewed periodically to realign the same pursuant to any regulatory changes/changes in the economic landscape or business needs.
