

Rana Dasgupta

Author, Novelist and Cultural Commentator

Rana Dasgupta is especially known for exploring how technology, globalization, economics, and cultural change are reshaping human identity, leadership, and society.

Where Technology Meets Human Culture

Biography

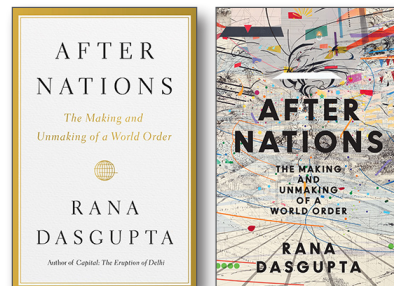

Rana Dasgupta is an internationally acclaimed author, cultural commentator, and one of the leading intellectual voices exploring the impact of globalization, technology, politics, and cultural transformation on modern society. Known for his thought-provoking insights and compelling storytelling, he examines how rapid global change is reshaping human identity, leadership, creativity, and the future of civilization.

Born in the United Kingdom and based internationally throughout his career, Dasgupta has written extensively on the intersection of culture, economics, technology, and geopolitics. His work is recognized for combining deep intellectual analysis with a uniquely human perspective, helping audiences better understand the forces shaping the modern world.

He is the author of several critically acclaimed books, including *Capital*, *Solo*, and *Tokyo Cancelled*, and his writing has appeared in leading global publications such as *The New York Times*, *The Guardian*, and *The Financial Times*. His work has been translated into multiple languages and has earned numerous literary awards and international recognition.
