

SENOIA AREA HISTORICAL SOCIETY

HISTORY AND PRESERVATION OF THE ROSENWALD SCHOOLS, PARTICULARLY THE ELEANOR ROOSEVELT SCHOOL IN WARM SPRINGS, GA

THURSDAY, JANUARY 8, 2026

Join us as Debron Walker presents the remarkable story of the Rosenwald Schools and the preservation of the Eleanor Roosevelt School in Warm Springs.

Born from a partnership between educator Booker T.

Washington and philanthropist Julius Rosenwald, nearly 5,000 of these rural schoolhouses were built between 1912 and 1936, serving over 700,000 Black children across the South. Today, only about 500 of these historic structures remain. Walker will share the inspiring history of this transformative educational movement and the critical efforts to preserve these important landmarks, including our local Eleanor Roosevelt School. Don't miss this opportunity to learn about a pivotal chapter in American history!
