

KAE SANDT

BRAND & WEB DESIGNER

EXPERIENCE

Kae Sandt Design · Brand & Web Designer

JAN 2021 – PRESENT · REMOTE

- Build brand identities and visual systems for tech startups, with templates and guidelines that keep every asset consistent as output scales.
- Design and build marketing sites and landing pages in Webflow, translating brand systems into responsive, production-ready layouts.
- Design pitch decks, sales collateral and brand guideline books, turning copy-heavy content into clear, typographically sharp layouts.
- Produce campaign and social assets across digital and print, delivering production-ready files.
- Fold AI into the creative workflow with Claude, Midjourney, Firefly and Runway, cutting iteration time 25% without lowering the craft bar.

Skimli · Product Designer

MAY 2022 – JUN 2023 · REMOTE

- Sole designer on Skimli's brand from zero: logo, identity, color and type, for an AI video-editing platform.
- Designed the UI system and full product dashboard: components, interaction patterns, animations.
- Built the marketing site and motion design, keeping one visual language from marketing through product.

Sealaska Heritage Institute · Youth Mentor

JAN 2023 – JAN 2026 · REMOTE

- Open pathways to STEAM careers for Native youth through design thinking and hands-on creative workshops.

ABOUT ME

A brand and web designer with a typography-first eye. I build brand systems and the sites and product interfaces they live on, from identity through decks, collateral, campaign assets and shipped pages. I fold AI into the work without letting it lower the bar.
