

Life Course Centre

ARC Centre of Excellence for Children
and Families over the Life Course

Help us understand the main research priorities for Australians with sleep disorders

We are seeking
participants who
are aged 16 years
and over and who:

- Have been diagnosed with a sleep disorder
- Are a parent or carer of a child with a sleep disorder
- Is a clinician/HCP who treats sleep disorders
- Conduct research in sleep disorder populations

Participants are asked
to take part in a two-
part priority setting
project. You can
choose to do one or
both activities.

Part 1

Share your ideas on what you think are the key
research priorities for improving the lives of
Australians with sleep disorder.

Part 2

Rank and sort these ideas to help us understand
their importance.
