**Compassionate Care Of
Our Community**

Napier Street Aged Care Services is a not for profit, community based organisation.

Napier Street Aged Care Services have a commitment to provide appropriate day care services irrespective of religious, financial, lifestyle or ethnic backgrounds.

The Day Centre program enhances lifestyle choices for clients and assist's with maintaining independence through a "doing with" instead of a "doing for" approach. Our Day Centre staff work with clients to help them remain as active as possible, and to remain in their homes as long as possible. This also provides a break for carers to tend to their own needs.

The involvement of families, friends and the general community is welcomed.
