EN: 61326

EN: 61010-1,

EN: 61010-02-031

Model 9810

- Shielded transformer jaw opens to 1.2"
- 100 μ A high resolution
- Least affected by external magnetic field, providing wide measuring range from very small to large current
- Designed to safety standard IEC 61010-2-032: over-voltage CAT.III, 300V and pollution degree 2.
- Data hold function to allow for easy reading in dimly lit or hard-to-reach locations
- Dynamic range of 2000 counts full scale
- Auto power off

Specifications

Range	Resolution	Basic Accuracy
200mA	0.1mA	$\pm (2.5\% + 8d)$
2A	1mA	$\pm (2.5\% + 8d)$
200A	0.1A	$\pm (2.5\% + 8d)$

Size(HxWxD): 182mm x 61mm x 34mm

Weight: 225g

Accessories:

Gift box with carrying case and 9V battery
