Announced Audit

AUDIT EXECUTIVE SUMMARY:

Observed the Everglades Harvesting Crew which harvest sweet corn for the JMR Farms growing operation. Harvesting began on 7/18/24 and will last approximately 6 weeks. There are 30 workers in the crew. A Harvest Aid rig is used where workers walk through the field and hand pick the corn from the stalk. The corn is placed onto a conveyor system on the rig, and conveyed to a bulk truck riding alongside the unit. Product is then delivered to the off site, and company owned packing facility.
