AUDIT EXECUTIVE SUMMARY:

Earl Farm is located in Lawrenceville, IL. Company representatives for the audit included Sarah Vieck - Food Safety Coordinator, Taylor Veick - President of Food Safety. The scope of the audit included the food safety management system review and a farm walkthrough with a review of food safety practices and records. The season for the farm is April to July, plant to harvest. The farm does not export. There are 8 farm employees, with that being consistent when in operation. The growing method is conventional. The inputs used are inorganic fertilizers. The water source for the farm is well water which is used for irrigation (overhead) and does come in contact with product. Well water is used for chemical applications (Shop well), which does come in contact with the product. The size of the farm is approximately 120 acres. Work on the farm was not observed on the day of the audit. The adjacent land from the field consisted of cropland to all sides.
