Projected to reach USD 378.15 billion by 2032 from USD 227.68 billion in 2025, the edible oil market is set for robust growth at a 5.8% CAGR, fueled by rising preferences for healthier, unsaturated oils.

Indonesia's palm oil production is expected to increase to 48.1 million metric tons, with exports rising to 33.5 million due to the B35 mandate. Malaysia anticipates a recovery, projecting up to 18.75 million metric tons despite labor

India's edible oil imports are set to drop by 6% to 15.6 million metric tons in 2025-26, amid rising local supplies, with a robust market growth forecast at 14.30% CAGR until 2032.
