## 2026 PCC Professional Certificate Program

The Person-Centered Care (PCC) Professional Certificate Program equips learners with the knowledge and skills to confidently lead person-centered care implementation efforts. Participants will learn from our global network of Planetree Faculty, explore 11 foundational PCC concepts, and earn a Certified in Person-Centered Care (CPCC) credential, along with up to 10 credits toward their Fellow in Person-Centered Care (FPCC) professional credential.

# 2026 PCC Professional Certificate Program

## CERTIFICATE PROGRAM OVERVIEW

Planetree launched the PCC Professional Certificate Program in 2022 to enable healthcare professionals from around the world to acquire the skills and knowledge they need to improve healthcare outcomes and experiences with PCC. This yearlong program combines expert-led learning, real-world application, and collaboration with a global community committed to advancing PCC. This program is designed for anyone who works in healthcare or advocates for PCC in any setting and is looking to take their PCC knowledge, advocacy, and thought leadership to the next level.

## APPLICATION REQUIREMENTS
