THE PLACE FOR THE UNFORGETTABLE TEAM EVENT

EXIT is your personal team adventure.

As one of the first providers of Live Escape Games in Germany, we have been sending a wide variety of teams into breathtaking worlds since 2014, where they work together to uncover exciting secrets and overcome adventurous challenges.

Our adventure worlds are authentic and designed with great attention to detail. Only as a team can you solve the creative puzzles and exciting surprises that characterize our games. In our escape rooms, you work together in a playful way and not only strengthen your team spirit. By sharing the fun and the shared sense of achievement, you will grow even closer together as a team.

What else you should know:

- Our extraordinary **location** is centrally located **under the historic Admiralspalast at Friedrichstraße S+U station**
- There is room for small and large groups of **up to 100 people**.

Organize your team event in a relaxed way:

We are on hand to advise you and, if required, you can get many extra services from a single source, saving you work.

- All our games are **new**. If you have already played all the games in our previous location, you will be surprised again with unknown worlds and puzzles (exception: VR game HUXLEY I & II).
- No prior knowledge or preparation is necessary. The games are designed for young and old and work best in a team.
