

# Why Travel With Villas of Distinction

Over Do-it-Yourself and Homeowner-Direct Vacation Rental Sites

## Inventory Size & Quality Standard

- We carefully select and vet our portfolio of approximately 3,500 villas in 52 destinations around the globe.
- Homeowner-direct sites list millions of villas with no inspection or vetting process.
- We do not want the most villas - just the best villas.

## Guest-First Approach

- If there is an issue, we provide you with one point of contact to come to a resolution.
- Homeowner-direct sites pass all concerns to the homeowner to manage, who may not even be in the destination.
- We offer a 24/7 hotline and on-the-ground presence everywhere you go.

## Personalized from Start to Finish

- Our expert villa specialists and concierge team will take the guesswork out of your getaway. Simply tell us what you're looking for - we'll take care of the rest!
- Our full-service concierge team will create one-of-a-kind experiences tailored to your wishes - no request is too large or too small.
- The do-it-yourself sites do not offer such a personalized approach.

## Financial Integrity

- We are bonded and insured with over 30 years of financial integrity.
