

GenieMD Overview

May, 2025

Our Journey

We are a pioneer and leader in digital and virtual health with the mission to democratize healthcare globally.

All-in-One Solution to Power Your Entire Virtual Care Ecosystem

Core Virtual Care Platform

GenieMD Virtual Platform (Private Branded)

- Enterprise-grade, HIPAA compliant AWS-hosted cloud platform
- Cellular medical devices integration
- All telehealth modalities, iOS, Android, web
- Built-in EMR, API integration with Epic
- ePrescription and labs integration
- 50+ evidence-based clinical protocols
- ChatGPT integration for personalized patient engagement
- Multi-language support

Modular Solutions

GenieMD Medical Group

- Board-certified physicians
- Licensed in 50+1 states
- Reimbursed by CMS and most payors
- Ability to scale for MA and NH

GenieMD Care Management

- Professionally trained care managers
- Connected care pathways
- Capable of rapidly scaling care managers in 30 days

Billing Solution

- Built-in solution for all modalities of remote care (RPM, RTM, CCM, TCM, PIN, BHI)

GenieMD Chronic Condition Management

Chronic Conditions We Currently Manage

 Cardiovascular

 Obesity

 Diabetes

 Respiratory Diseases

 Behavioral & Mental Health

 Substance Use Disorder

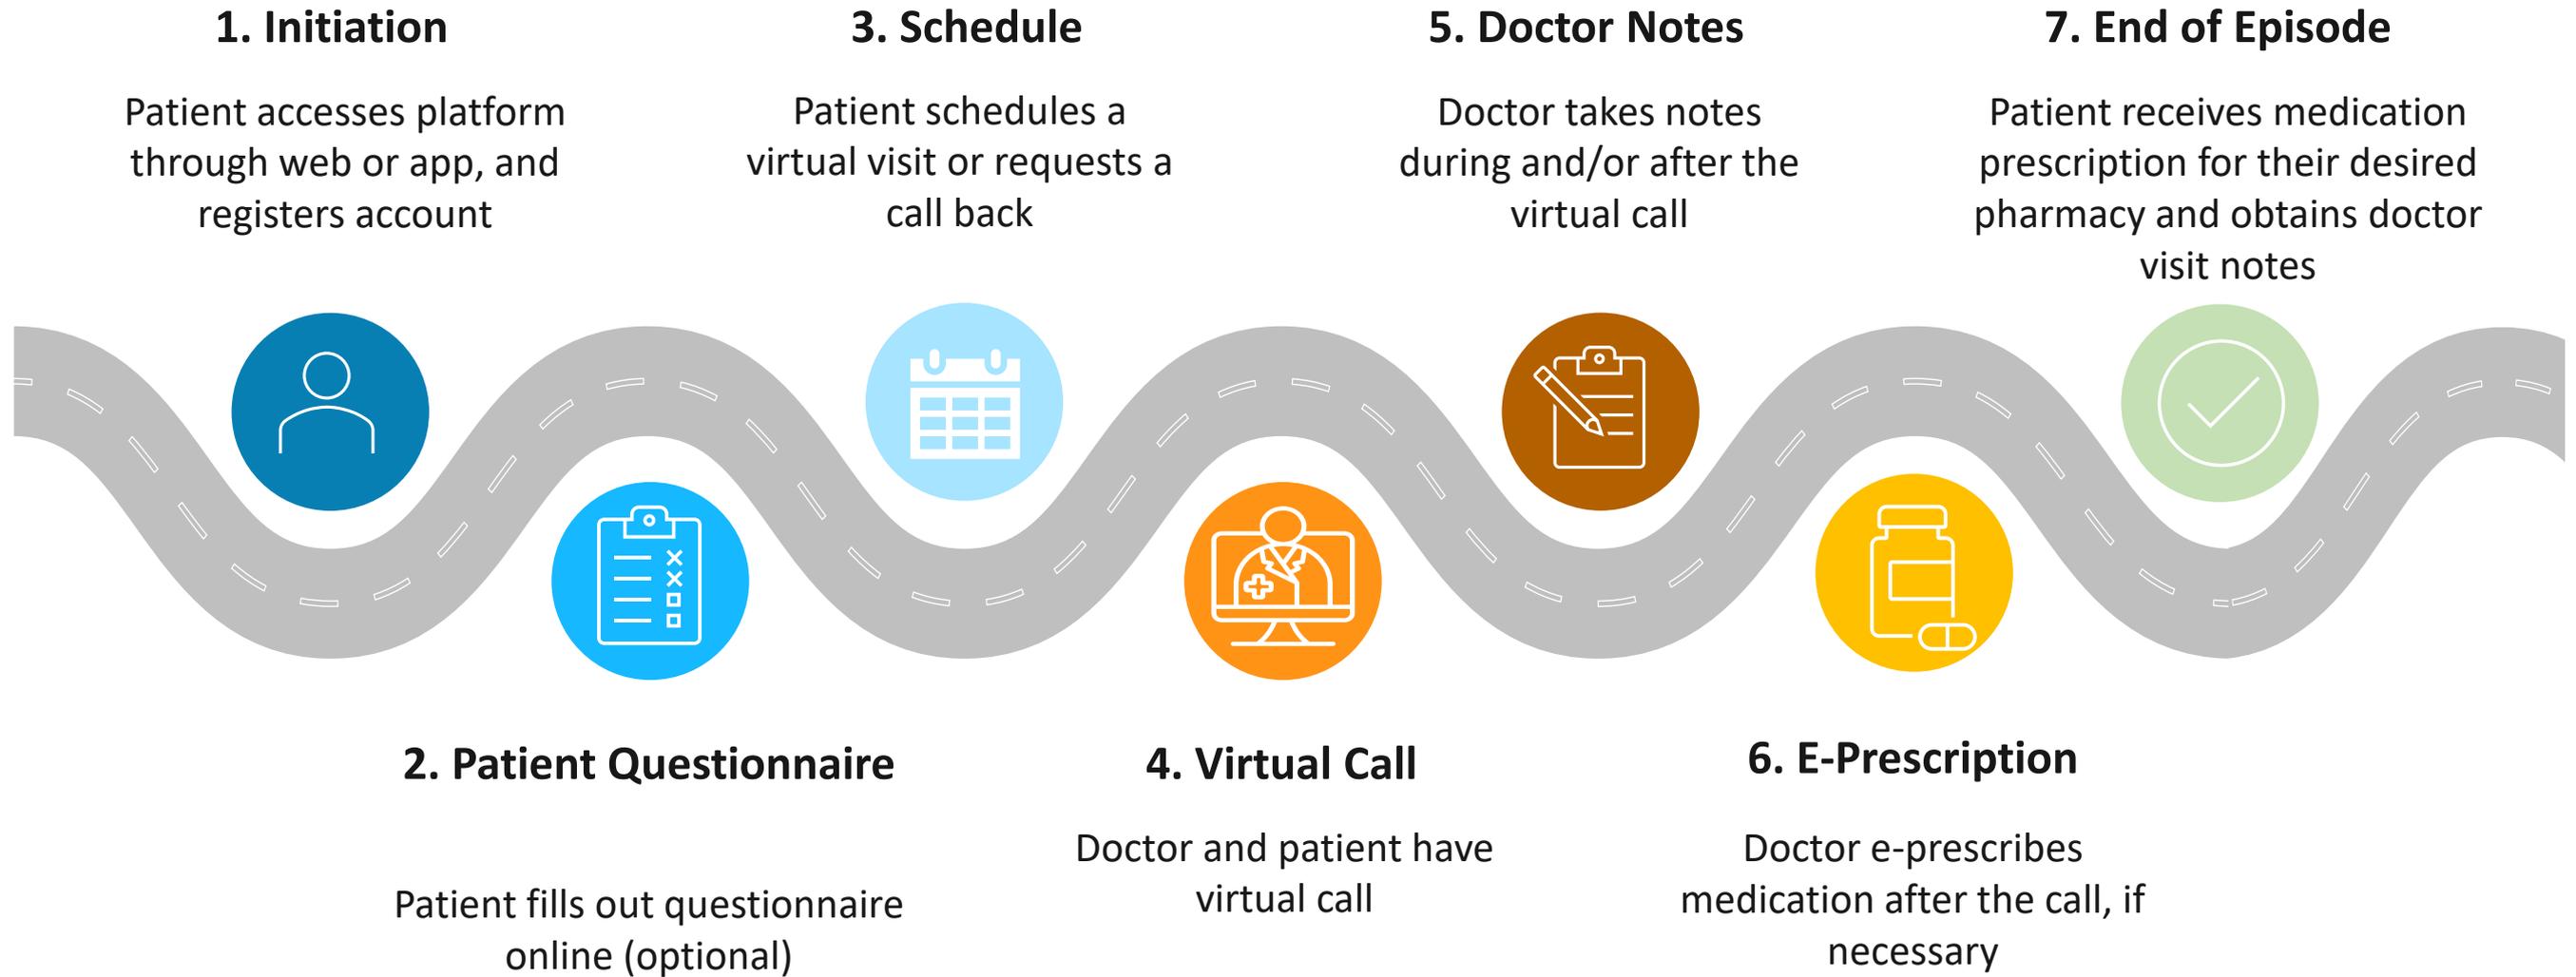

Under development: cancer

A High-Tech, High-Touch Approach

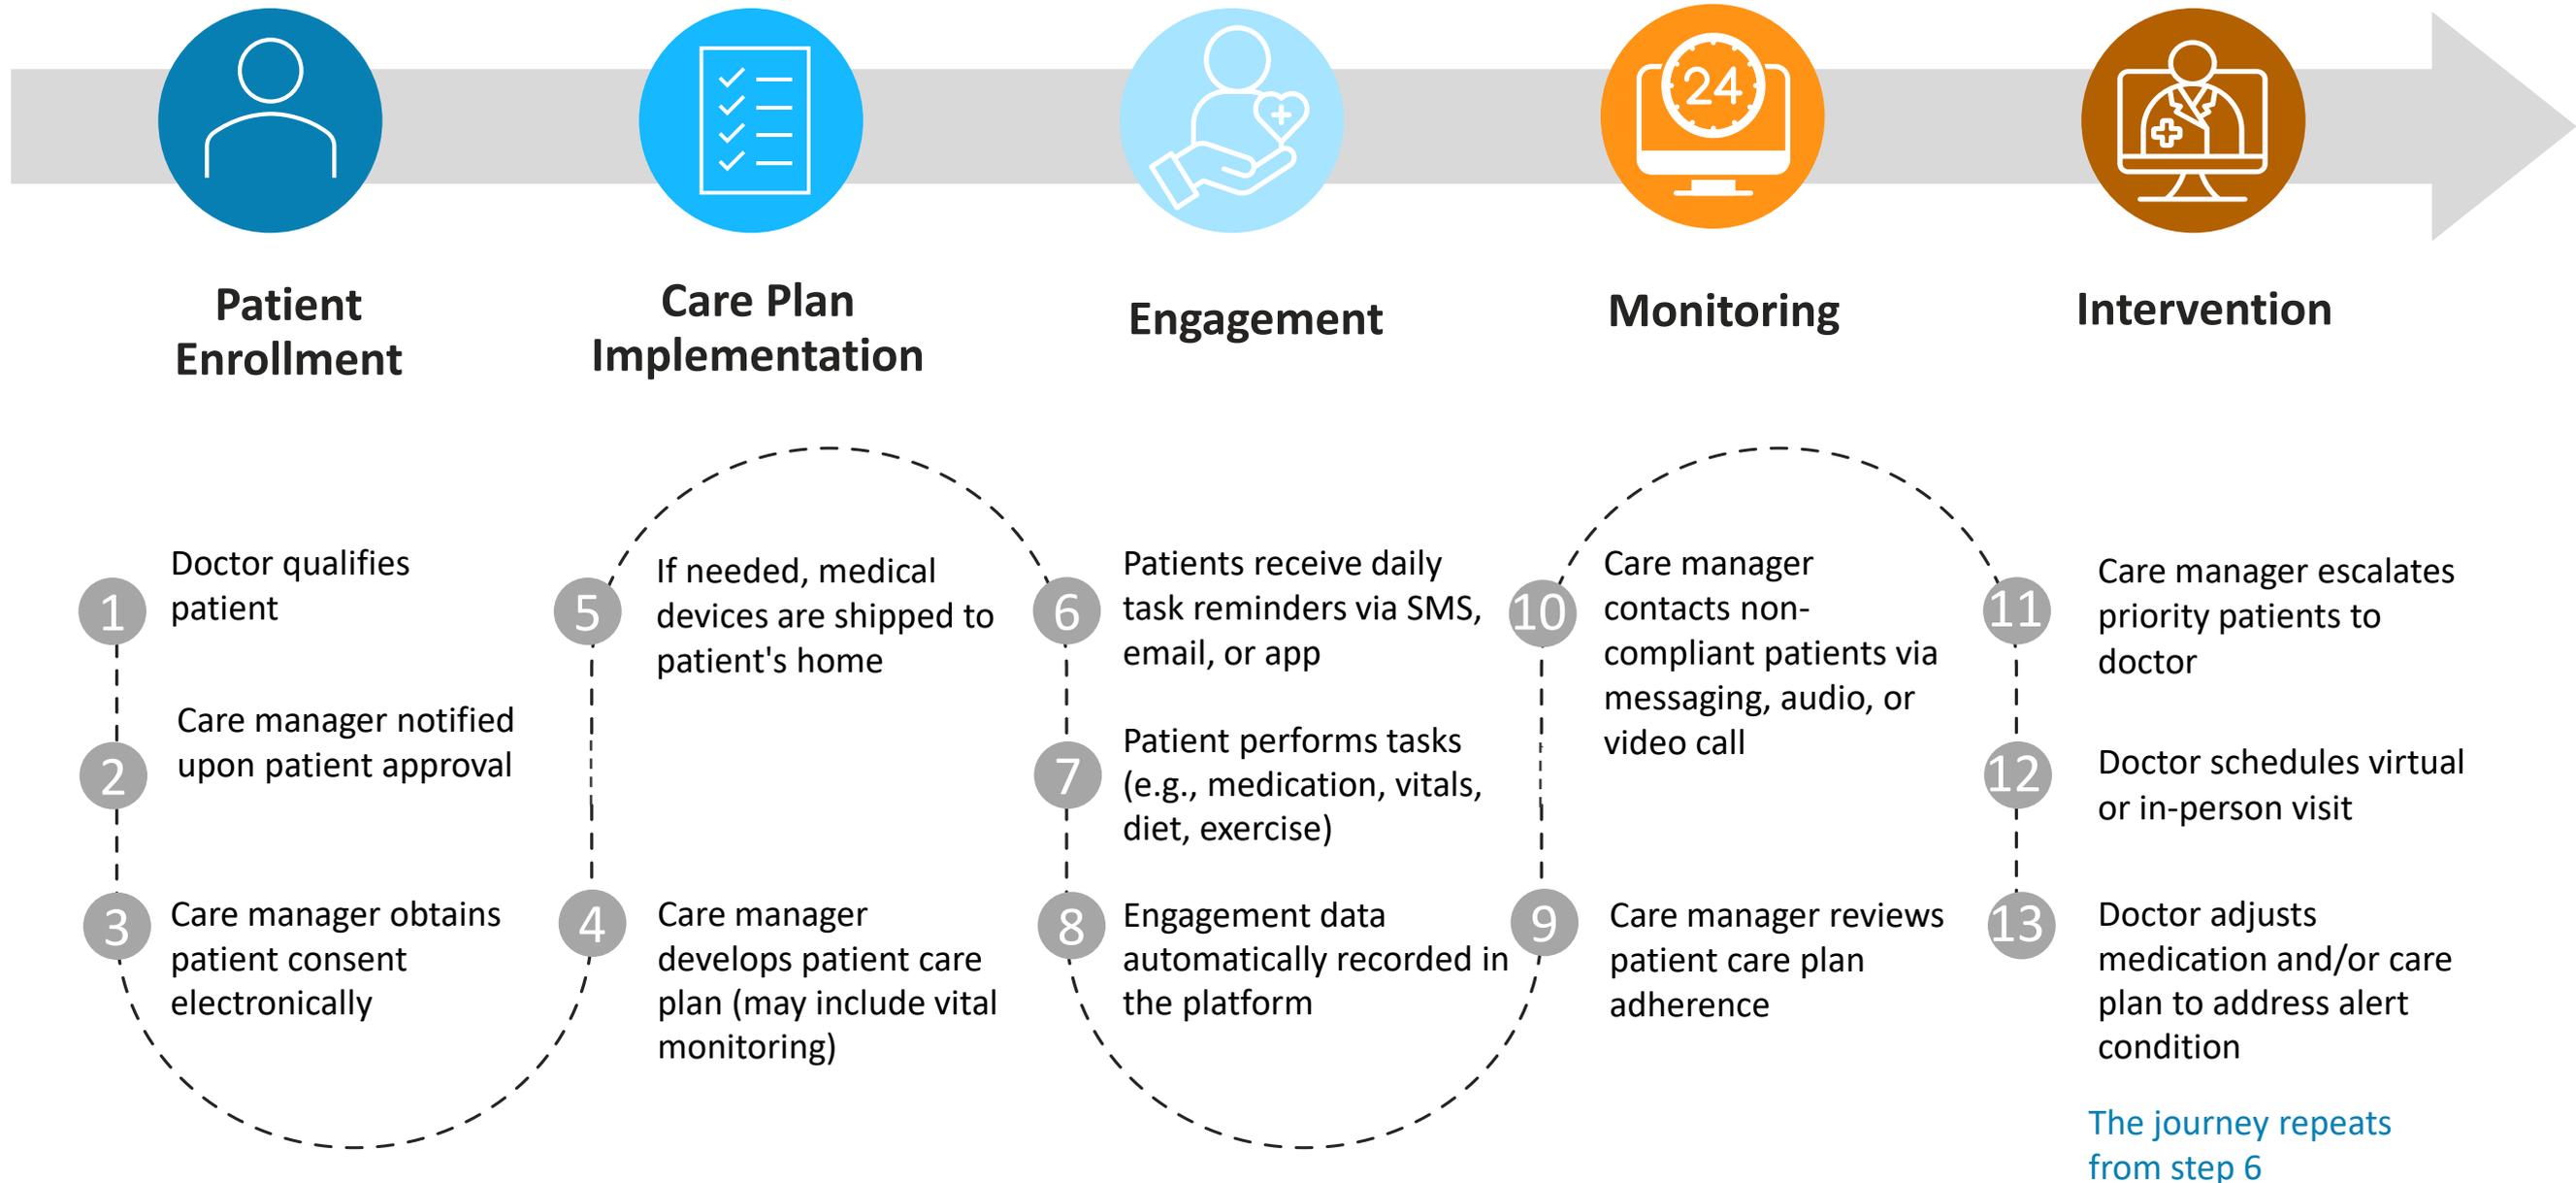

Three-tiered approach drives efficiency: digital tools keep patients engaged, care managers deliver personalized support, and doctors focus on high-risk, high-priority patients

Telemedicine Patient Journey

Note: Patient journey is customizable

Typical Chronic Condition Remote Care Member Journey

Note: Patient journey is customizable

GenieMD, Inc - Confidential

GenieMD Chronic Condition Management Outcomes

-  92% Care Plan Compliance
-  65% Lower Hospitalization Rate
-  50% Lower Emergency Room Visits
-  32% Higher Medication Compliance
-  27% Reduction in Total Cost of Care

Note: data is based on GenieMD's U.S. member population

2025 In-the-Lab AI Initiatives

Implement meaningful AI capabilities to improve patient engagement, provider productivity, and care team efficiency

Patient Engagement

Friendly human-like character (Avatar) with patient EMR, family information and SDoH

Dynamic Care Plan

Dynamically adjust care plans in real time based on live patient data

Provider Productivity

Leverage LLM and get initial diagnosis and treatment to present to the provider
Integrate ambient listeners to streamline the creation of a SOAP note

Care Team Efficiency

Smart assignment and scheduling
AI driven predictive analytics
Creation of patient interaction report and suggested follow-on actions

User Interfaces

GenieMD Chronic Condition User Interfaces – Provider

Provider Diagnosis of Conditions

Provider Approval for Program

The screenshot shows the GenieMD interface for a provider at Lily's Health Care. At the top, there are status filters: WAITING ROOM (0), SCHEDULED (4), ASYNCHRONOUS (0), CALL BACK (13), FOLLOW UP (0), and COMPLETED (28). Below these is a search bar and a table of patients. The table has columns for Name, Clinic Name, Patient location, Age, Gender, Assessment, Wait time, Call status, and Call Duration.

Name	Clinic Name	Patient location	Age	Gender	Assessment	Wait time	Call status	Call Duration
Kathy Kennedy	Lily's Health Care	CA	44	Female	Chest Pain	00:00:21	●	00:00:01
Kathy Kennedy	Lily's Health Care	CA	44	Female	PHQ9	-	●	-
Kathy Kennedy	Lily's Health Care	CA	45	Female	Acne	-	●	-
Kathy Kennedy	Lily's Health Care	CA	45	Female	COVID-19	-	●	-
Kathy Kennedy	Lily's Health Care	CA	45	Female	Sinus Infection	-	●	-
Kathy Kennedy	Lily's Health Care	CA	45	Female	COVID-19	00:00:18	●	00:00:14
Kathy Kennedy	Lily's Health Care	CA	45	Female	Acne	-	●	-
Kathy Kennedy	Lily's Health Care	CA	45	Female	Ankle Pain	-	●	-
Kathy Kennedy	Lily's Health Care	CA	45	Female	General Consult	-	●	-
John Anderson	Lily's Health Care	CA	34	Male	Abdominal pain	-	●	-
LI Sub	Lily's Health Care	CA	74	Male	Acne	-	●	-

The screenshot shows the 'After Visit Summary' dialog box with an 'Add Notes' section. It has two tabs: 'MY SMART NOTES' and 'SYSTEM SMART NOTES'. A search bar is present. Below the search bar, the text 'CCM' is displayed with a green 'SELECT' button. The dialog also contains a 'Medical History' section with a subject line and a paragraph of text, and a 'Past medical history includes' section with a list of conditions.

The screenshot shows the 'After Visit Summary' dialog box with a 'Common ICD10's' section. It has a search bar and a list of ICD-10 codes with checkboxes. The codes include F06.4 - Anxiety Disorders, J45.20 - Asthma, I48.0 - Atrial Fibrillation, J40 - COPD, J44.9 - COPD unspecified, C50.011 - Cancer, Breast, C54.1 - Cancer, Endometrial, C34.00 - Cancer, Lung, and C64.1 - Cancer, Urologic (Kidney, Renal Pelvis, and Ureter). The 'C34.00 - Cancer, Lung' checkbox is checked. There are 'CLOSE' and 'SAVE' buttons at the bottom.
