We are trying to be super organized for the coming year with our planning, this planner includes all our themes and visits throughout each term so you will be able to plan and know what your child will be doing on the days they attend. As you know we can not take the babies out in the car until they are 15 months so we will factor this in once they have had turned the right age and will let you know if they are going on any of the outings, until that time the babies will still go out on various visits in the local community in the turtle bus. We have sorted the children into cohorts for the first time so they can build friendships within the group that they will go to school with, on the planner you will see blue activities, this is for our eldest children that will be going to school next year and green is for the non-school leavers. We also have yellow for our older babies and orange for our younger babies but as explained this age group is not yet on the planner as they will be having daily walks in the turtle bus. Hopefully this makes sense to everyone but if you have any questions please don't hesitate to ask.

Many Thanks

Amy
