Re: 2026 Certified Appraisal Roll Totals

Dear Presiding Officer:

Pursuant to Texas Property Tax Code § 26.01(d), this correspondence serves as formal notification that the Chief Appraiser has certified the Tax Year 2026 appraisal roll totals for your taxing unit.

The appraisal records were approved by the Appraisal Review Board (“ARB”) under Texas Property Tax Code § 41.12 and were formally certified by the Chief Appraiser on July 24, 2026, pursuant to § 26.01(a).

These certified values constitute the statutory basis for calculating tax rates under Chapter 26 of the Texas Property Tax Code, including the no-new-revenue tax rate and the voter-approval tax rate.

Enclosed for your review are the following key reports:

Item	Description
Certified Totals	ARB approved values included in the certified appraisal roll.
Under Protest Totals	Properties remaining under protest at the time of certification; reported separately for statutory compliance.
Grand Totals	Combined certified and under protest values for informational and calculation reference.
Truth-in-Taxation Reports	Supporting data for tax-rate calculations and compliance with Chapter 26.

A copy of the Certified Appraisal Roll Totals has been provided to the presiding officer of each taxing unit entitled to vote on the appointment of appraisal district directors. The certified totals are also available for public inspection at EPCAD’s administrative office during normal business hours and may be accessed online at www.epcad.org → **Open Government** → **CAD Reports** → **Certified Entity Totals**.

For questions or clarification, please contact David L. Stone, Deputy Chief Appraiser, at (915) 780-2077.

Sincerely,

A handwritten signature in black ink, reading "Dinah L. Kilgore". The signature is fluid and cursive, with the first letters of each name being capitalized and prominent.

GENERAL INFORMATION: Tax Code Section 26.04(c) requires an officer or employee designated by the governing body to calculate the no-new-revenue (NNR) tax rate and voter-approval tax rate for the taxing unit. These tax rates are expressed in dollars per \$100 of taxable value calculated. The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll and the estimated values of properties under protest. The designated officer or employee shall certify that the officer or employee has accurately calculated the tax rates and used values shown for the certified appraisal roll or certified estimate. The officer or employee submits the rates to the governing body by Aug. 7 or as soon thereafter as practicable.

School districts do not use this form, but instead use Comptroller Form 50-859 *Tax Rate Calculation Worksheet, School District without Chapter 313 BOE +&5* Agreements* or Comptroller Form 50-884 *Tax Rate Calculation Worksheet, School District with Chapter 313 BOE +&5* Agreements*.

Water districts as defined under Water Code Section 49.001(1) do not use this form, but instead use Comptroller Form 50-858 *Water District Voter-Approval Tax Rate Worksheet for Low Tax Rate and Developing Districts* or Comptroller Form 50-860 *Developed Water District Voter-Approval Tax Rate Worksheet*.

The Comptroller's office provides this worksheet to assist taxing units in determining tax rates. The information provided in this worksheet is offered as technical assistance and not legal advice. Taxing units should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

Taxing units must include a hyperlink to a document that evidences the accuracy of each entry in the worksheet other than an entry making a mathematical calculation.¹ Source materials must contain data for all worksheets used, including supplemental worksheets.

SECTION 1: No-New-Revenue Tax Rate

The NNR tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.
