Student Attendance Matters

Regular attendance is one of the most important factors in your student's success. Students who attend school consistently are more likely to stay on track academically.

NYC Public Schools defines **chronic absenteeism** as missing **10% or more of the school year (18 days total)**. Missing just two days per month can place a student at risk of falling behind.

Being On Time Matters

Arriving late means missing important instruction at the start of the school day. Being present and on time helps students get the full benefit of their learning time.

How You Can Help
