 **MERCURY**
GROUND SUPPORT EQUIPMENT

BOBTAIL TRUX

Where Innovation Meets Reliability

Part Number: 30-00129

SPECIFICATIONS

- **Heavy-Duty Steel Body Construction**

Fully welded steel body offers long-lasting durability and is built to withstand daily wear in demanding ramp conditions.

- **Available on Ford F-350 or Ram 3500 Chassis**

Built on trusted OEM platforms for ease of integration into your fleet and proven reliability in airport environments.

- **Extra Heavy-Duty Front Suspension Package**

Enhances stability and performance under load, supporting frequent towing and rugged daily use. Comes with a 5,000 lb tow load capacity.

- **Rear Headache Rack**

Provides additional protection for the cab and crew while securing equipment during transport.

- **LED Beacon and Work Lights**

Improves visibility in low-light or high-traffic areas, enhancing ramp safety and operational awareness.

- **Integrated Stop/Turn/Tail Lighting**

Factory-mounted rear lighting system keeps the vehicle visible and compliant with airside safety protocols.

- **White Body Finish**

Painted to match the cab for a clean, professional appearance across your fleet. Fleet colors available upon request.

- **Rear-Mounted Holland EH-3050 E-Hitch with Backup Camera**

Heavy-duty E-Hitch delivers consistent, secure towing performance, with an integrated backup camera to assist with precise hitching and improve rear visibility.

- **Backup Alarm and Speed Limiter (25 MPH / 40 KPM)**

Standard safety features help protect personnel and equipment during airside maneuvers and ensure controlled operation.

- **HDPE Scuff Plates**

Durable interior lining protects the truck body from damage caused by cargo movement and loading activity.

- **Four (4) D-Ring Tie-Downs in Loadspace**

Provides secure points for cargo restraint and flexible loading configurations.

- **Fuel Tank Cover**

Shields fuel components from external damage and debris while operating on the ramp.

- **Yellow Bumper and Side Rails**

High-visibility protection features that improve crew awareness and reduce accidental contact.
