CARGO DOLLY

Where Innovation Meets Reliability

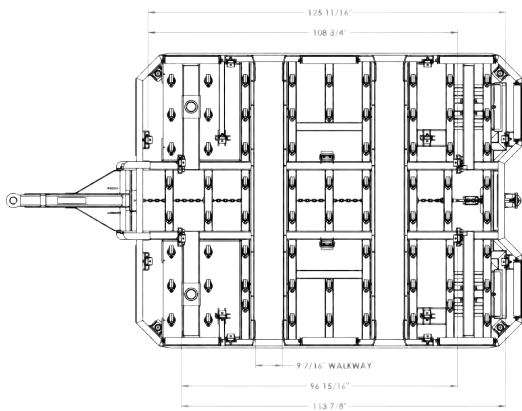

Part Number : 30-00121

SPECIFICATIONS

- 96" X 125" & 96" X 108" PALLETS Compatibility**
 Designed to fit industry-standard pallets, ensuring seamless integration with existing logistics.
- 88" x 125" & 88" x 108" Container Compatibility**
 Accommodates a wide range of containers, optimizing flexibility and loading efficiency.
- ULD 1,2,3,4,6,8,9,11,26,29,39**
 Versatile dolly able to handle multiple ULD types for maximum utility and cargo handling.
- Reinforced Steel Frame**
 Engineered for maximum strength and durability, providing robust support for heavy-duty operations.
- Nylon Top-Deck Casters**
 Durable nylon casters on the top deck ensure smooth, effortless movement of cargo, reducing friction and wear.
- Front Swivel Casters with Solid Tires**
 Ensures smooth maneuverability and dependable traction across various surfaces.
- Rear Rigid Casters with Solid Tires**
 Improves stability during towing, maintaining control even under heavy loads.
- Front Tow Bar Actuated Parking Brakes**
 Automatically engages parking brakes for increased safety during loading and unloading.
- Pallet Locks, Stops, and Vertical Restraints**
 Provides secure and stable transportation, preventing load shifting during transit.
- Rear E-Hitch**
 Robust and dependable rear E-Hitch for secure towing and efficient operations.
- Caster Covers**
 Protects the casters from damage and debris, extending the lifespan of your dolly.
- Powdercoat or Galvanized Finish**
 Available in durable powdercoat or galvanized finish for corrosion resistance and long-lasting protection.
- 15,000 lb Carrying Capacity**
 Built to handle substantial loads efficiently, improving productivity and operational capability.
