TDM Skills Bootcamps

Not ready for a Tech and Digital career? Get ready!

Skills Bootcamps for a local Apprenticeship in Tech, Digital, Coding or Data with TDM Coaches.

Available to individuals aged 19+ in the Wider West Midlands.

Data/AI Pathway

Why choose this pathway?

Start your tech and digital career with our Data Skills Bootcamp - designed to equip you with the essential skills to collect, organise, and analyse data for real-world business insights. Gain practical, hands-on experience and set yourself up for entry-level roles in data analytics, business intelligence, and beyond.

What content will be covered?

- Data Analytics and Excel
- AI and The Future Data in the Workplace
- Formatting and Transforming Data for Analysis
- Preparing and Cleaning Data for Analysis
- Making Data Readable
- Statistics and Visualisations
- Data Ethics and GDPR
- Combining Data
