

# CBP Securing Our Borders Collaboration Event

July 29, 2025

HSWERX, in partnership with the Department of Homeland Security Science and Technology Directorate Technology Transfer & Commercialization Branch, hosted a Collaboration Event on behalf of Customs and Border Protection (CBP) aligned with the Securing Our Borders Executive Order to advance technologies in three key focus areas: (1) data analysis, (2) next-generation hardware, and (3) biometrics.

## EVENT OUTCOMES

- 56 participants were divided into 8 groups to discuss CBP challenges for each focus area
- The groups developed 18 problem statements which were prioritized to help CBP build requirements for a potential follow-on Assessment Event (AE)
- Attendees received all materials developed during the event, along with a participant list to support potential partnerships

## PERCENTAGE OF ATTENDEES

59% Industry

41% Government
