

THE ORLA DUPLEX SHOW RESIDENCE, A NEW PERSPECTIVE OF BEACHFRONT LIVING ON PALM JUMEIRAH

OMNIYAT proudly reveals a second ORLA Show Residence, this time showcasing an exceptional four-bedroom duplex where timeless interiors and uninterrupted Palm Jumeirah lagoon views come together to define an entirely new standard of beachfront living in Dubai.

Thoughtfully designed by OMNIYAT Atelier, the ORLA Duplex Show Residence unfolds across two expansive levels, where architecture, craftsmanship and nature exist in perfect harmony. A curated palette of natural stone, warm timber and tactile finishes creates an atmosphere of effortless sophistication, while sculptural furnishings and curated artworks lend every space a quiet sense of permanence. Framed by floor-to-ceiling glazing, the uninterrupted views stretch across Palm Jumeirah become a constant presence throughout the show residence. Expansive living and dining spaces flow seamlessly onto generous outdoor terraces, dissolving the distinction between inside and outside spaces, where light, water and architecture exist as one continuous experience.

The duplex has been conceived as a private retreat with its own private swimming pool, balancing moments for entertaining with spaces designed for the ultimate privacy and tranquility. Every room embraces natural light and panoramic outlooks, while every detail reflects the exceptional standards synonymous with ORLA, from refined materiality to impeccable craftsmanship.

As ORLA, Dorchester Collection, Dubai moves steadily towards completion, the ORLA Duplex Show Residence offers an exclusive opportunity to experience the scale, elegance and resort-lifestyle living that define the destination before handing over in 2026.

Book your private viewing today to experience the ORLA Simplex and Duplex Show Residences.
