

OMNIYAT RETURNS TO MONACO, SHOWCASING DUBAI’S VISION FOR WATERFRONT LIVING

OMNIYAT returns to the Monaco Yacht Show from 23 to 26 September 2026 for the third consecutive year, this year as Official Sponsor of the Monaco Yacht Show VIP Experience. At Port Hercule, OMNIYAT will present its vision for a new generation of waterfront living in Dubai, shaped around a seamless connection between home, city and sea.

At the heart of this vision are two distinct waterfront destinations. Marasi Bay, in Dubai’s Burj Khalifa District, brings together private residences, hospitality, wellness, dining and leisure within an integrated waterfront ecosystem, with VELA and VELA Viento, Dorchester Collection, Dubai forming part of its evolving residential experience. On Palm Jumeirah, The Alba, Dorchester Collection, Dubai presents a more secluded expression of life by the water, combining legendary hospitality, a private beach and an extensive Wellness Centre within a resort-inspired setting.

Across its waterfront portfolio, OMNIYAT brings together exceptional design, considered living and world-class hospitality to create residences that extend beyond the home itself. Designed around wellbeing, privacy, time and a deeper connection to place, each is conceived as a living legacy, crafted to retain its meaning and significance across generations.

OMNIYAT’s return to Monaco reflects Dubai’s growing relevance to an international audience seeking exceptional waterfront lifestyles, and the company’s role in shaping destinations that offer the freedom to move effortlessly between home, city and sea.
