INTRODUCTION

Filipinos love flavor, a whole lot of it.

This is evident in most of our dishes with flavor profiles that are predominantly sweet, sour, salty, or fatty. The cuisine, bursting with flavor and anything but bland, becomes an interesting basis for how we curated our wine list. We made sure that our selections uniquely suit the myriad of flavors from our menu.

At Hapag and Ayà, our wine list is an exploration of terroirs both classic and rarely seen. A selection with unique stories that are meant to be shared over a great meal. The list highlights a collection of Champagne, Riesling, as well as wines from small producers released in limited quantities.

If you need help selecting a wine, or learn more about the bottle you'd like to open tonight, please ask for the sommelier.
