373 to 388 LOCATIONS

57 to 58 NATIONS

6424 to 6933 TOTAL GRADUATES

10560 to 10329 STUDENTS

Due to the natural lag in data received from locations around the world, these figures reflect information available at the time of reporting. WHMI remains committed to efficiently and intentionally gathering data and testimonies so that the story of what God is doing can be shared and praised. We believe this is essential to being a ministry that people can trust and more importantly, one that honors the Lord.

"The material taught will effectively contribute to the awakening of the Christian community, the proclamation of the Gospel, and the spiritual growth of the church in our region."
- FROM CAMEROON

"The courses taught during this training will help churches in our area become healthier and more effective in ministry. It will strengthen leadership, encourage discipleship, improve teamwork, and help believers grow spiritually. As churches apply these principles, they will be better equipped to serve their communities, share the Gospel, and bring positive transformation to the lives of individuals and families."
- FROM PAKISTAN

"These courses will equip believers to know God more deeply, interpret scripture correctly, and live more obediently. Churches grounded in sound doctrine become spiritually healthy, which then become powerful instruments through which God brings lasting transformation to their communities."
- FROM TRINIDAD

"Teaching them whatever I have commanded you."

These are among Jesus' last words (Matthew 28:20). Most of the world's pastors (85%) cannot teach others because they have never been taught.

WHMI is working to change that.

During our course on Missions & Evangelism, there is a required practicum and our students practice what they have been taught by evangelizing in the surrounding communities. The gospel has been shared around the world this year to over 7000 people (and counting) as a result of this practicum. After attending a graduation in Zimbabwe, our team was invited by one of the graduates to attend his church, also known as the "Tree Church". During his practicum, he had the opportunity to share the gospel with the people in the area and decided then to plant a church "under a tree," so this community could be transformed by the power of the gospel. See the photo below ... Our graduates are taking the training they have been given and making the most of it, and in turn, they are making much of Jesus!

This photo shows one of the 18 graduations celebrated in Q3 around the world. This graduation, in Apomu, Nigeria, honored 47 students who completed their 16 required courses and received their diplomas! Our total graduates for Q3 was over 500! To God be the Glory!
