## ENDLESS POSSIBILITIES

### A promising year.

A new year brings with it a wonderful sense of anticipation — a feeling that each day holds something good just waiting to be discovered. It invites us to stay curious, try new things, and

celebrate the moments that add joy and meaning to our lives.

At Bayley, we see every resident's story continuing to grow in exciting ways. From engaging fitness and wellness offerings to creative hobbies, spiritual enrichment, and community involvement, there are countless paths to explore. And the best part? You never have to explore them alone.

**“Possibility begins when we choose to take the next step – no matter how small.”**

This year, we encourage everyone to find something that sparks happiness. Maybe it's reconnecting with an old interest, joining a new group, making a friend at a social event, or simply taking time each day to appreciate what makes you smile

Here's to new adventures, fresh ideas, and a year filled with opportunities to smile. May 2026 bring moments that inspire you and connections that warm your heart.

Cheers to a joyful and promising year,
