- **Sign ups** for classes will open 72 hours before each class starts.
- **Waitlist:** if a position opens and you are next on the waitlist, you will be automatically enrolled in the class and notified accordingly.
- **IF YOU CAN NO LONGER ATTEND THE CLASS, IT IS IMPERATIVE THAT YOU TAKE YOUR NAME OFF OF THAT CLASS LIST.**

Tips For Choosing The Right Fitness Class

Choosing a fitness class isn't just about fitting it into your schedule; it's also about finding something you genuinely enjoy and look forward to rather than a chore.

- **Consider your fitness level and experience.** Begin with a gentler class to lower injury risk, then progress to more challenging options as your confidence grows.
- **Clarify your fitness goals.** Decide whether you want to focus on overall fitness, cardio health, strength, balance, or another specific need, since classes vary by purpose.
- **Check the class size.** Smaller classes often allow for more personalized feedback, while larger groups may provide less individual guidance.
- **Talk with instructors.** They can recommend classes that match your abilities and goals.
- **Ask for recommendations.** Friends or classmates can share helpful experiences and suggest options you may not have considered.
