The Story of EDGE

EDGE has never been about standing still. It's a story rooted in craft, curiosity and a deep respect for local produce - one that has steadily evolved over more than a decade and is now entering its most exciting chapter yet.

2013

The journey begins in 2013, when founder and award-winning Chef Alex Clare began honing his culinary voice in some of Norfolk's most respected kitchens. Known for creating dishes that were both refined and memorable, Alex quickly built a reputation for food that felt thoughtful, seasonal and unmistakably personal.

2017

By 2017, that dedication had been formally recognised when Alex was named Norfolk Chef of the Year, alongside the growth of a fiercely loyal following - diners who returned time and again not just for the food, but for the experience and care behind it.

2021

In 2021, Alex took a bold step and struck out on his own. Trading traditional bricks and mortar for the freedom of the coastline, he launched a unique food concept from an Airstream on Winterton seafront. Here, Norfolk's EDGE was born: sweet and savoury light bites, beachside events, and menus built entirely around fresh, local and sustainable ingredients. It was relaxed, creative and deeply connected to its surroundings.

2022

The following year marked a pivotal moment. 2022 saw the official launch of Norfolk's EDGE Catering & Events, transforming the concept into a fully mobile, in-demand catering and events company. From intimate private dining experiences to large-scale weddings and corporate events, Norfolk's EDGE Catering & Events became known for its ability to adapt - no event too big, no detail too small. Working with many of Norfolk's leading wedding venues and clients, the team delivers bespoke menus carefully crafted by Alex and his talented chefs, always guided by seasonality, locality and flavour.

2025

By 2025, EDGE's reputation had grown beyond county lines. With years of unforgettable moments created across Norfolk, the brand is now expanding into Suffolk and across the UK, bringing its signature approach to weddings, private dining, corporate celebrations and collaborative events that blend food with live music, photography and atmosphere. Each experience is designed to feel effortless yet elevated.

2026

And now, the next evolution.

In 2026, EDGE partners with NOKO Retreats to introduce EDGE // NOKO - a dining experience in Suffolk unlike any other. Set within NOKO's luxury lakeside villas, accommodating up to 60 guests, this new destination will feature a café, farm shop, bar and restaurant, all unified by a shared commitment to quality, ambience and exceptional produce. Together, EDGE//NOKO are creating something truly special: food that complements its setting - relaxed yet refined and immersive.

Guests can expect thoughtfully curated menus, carefully considered spaces, and a programme of EDGE // NOKO events running throughout the year.

It's dining designed not just to be enjoyed, but to be remembered.

In addition to its dining and immersive events, EDGE // NOKO is also available for private hire, offering a truly unique setting for weddings, corporate events and bespoke celebrations. Whether it's an intimate lakeside ceremony, a company retreat, or a curated dining experience for clients and teams, EDGE // NOKO combines exceptional food, beautiful surroundings and seamless service to create occasions that feel both relaxed and unforgettable.

Baron Bigod

Baron Bigod is a stunning brie-style cheese, with a rich, full, earthy flavour and a lingering finish. Its made by Jonny Crickmore from the milk of his own herd of Montbeliarde cows in Suffolk

--

Binham Blue

Binham is made by the Templeton family in Norwich with a little help from their gorgeous herd of Swiss Brown Cows. It has sweet, caramel like notes and a fudge texture which is perfectly balanced by the added salty mustiness from the rind and crunch from the blue.

--

Norfolk Dapple

Norfolk Dapple is an unpasteurised clothbound hard cow's milk cheese with a dapple rind. It has won a number of awards including silver and bronze award in the British Cheese Awards. This is a cheese which is cheddar like, smooth and creamy with a hint of nuttiness in the lingering aftertaste.

--

Rosary Ash Goats Cheese

Rosary Goat Ash is a fresh-tasting, award winning goat's cheese with a light and airy texture. Pale and delicate with a creamy finish and light coating of corn ash which is said to aid digestion. The cheese is handmade in small batches by the Moody family on their farm in the heart of Wiltshire.

--

Reblochon

Reblochon is a soft washed-rind and smear-ripened French cheese with a very nutty flavour. It is made in the Alpine region of Haute-Savoie from raw cow's milk and has its own AOC designation. Reblochon was first produced in the Thones and Arly Valleys, in the Aravis massif.

All of our cheese is locally sourced from The Cheese Truckle
