Simple-Lock™

Secure it Simply™

Simple-Lock™ Crates

ABOUT

An engineered, nail-less alternative to the common wooden shipping crate.

Specifications	
Stacking Strength	5,000 lbs - 12,000 lbs
Max Capacity	Up to 3,500 lbs
Protective	Chamfered 5-ply ¼" plywood

Watch a demo!

Made in the USA, our Simple-Lock™ nailless wooden shipping crates are lighter, stronger, easier to fill and assemble than your standard cleated crate. This engineered design is prized in the global market for its durability and efficiency. Crates, pallets and skids can be heat treated to ISPM 15 standards.

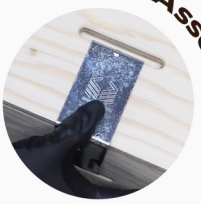

Simple-Clip™

Secure it Simply™

Simple-Clip™ Crates

ABOUT

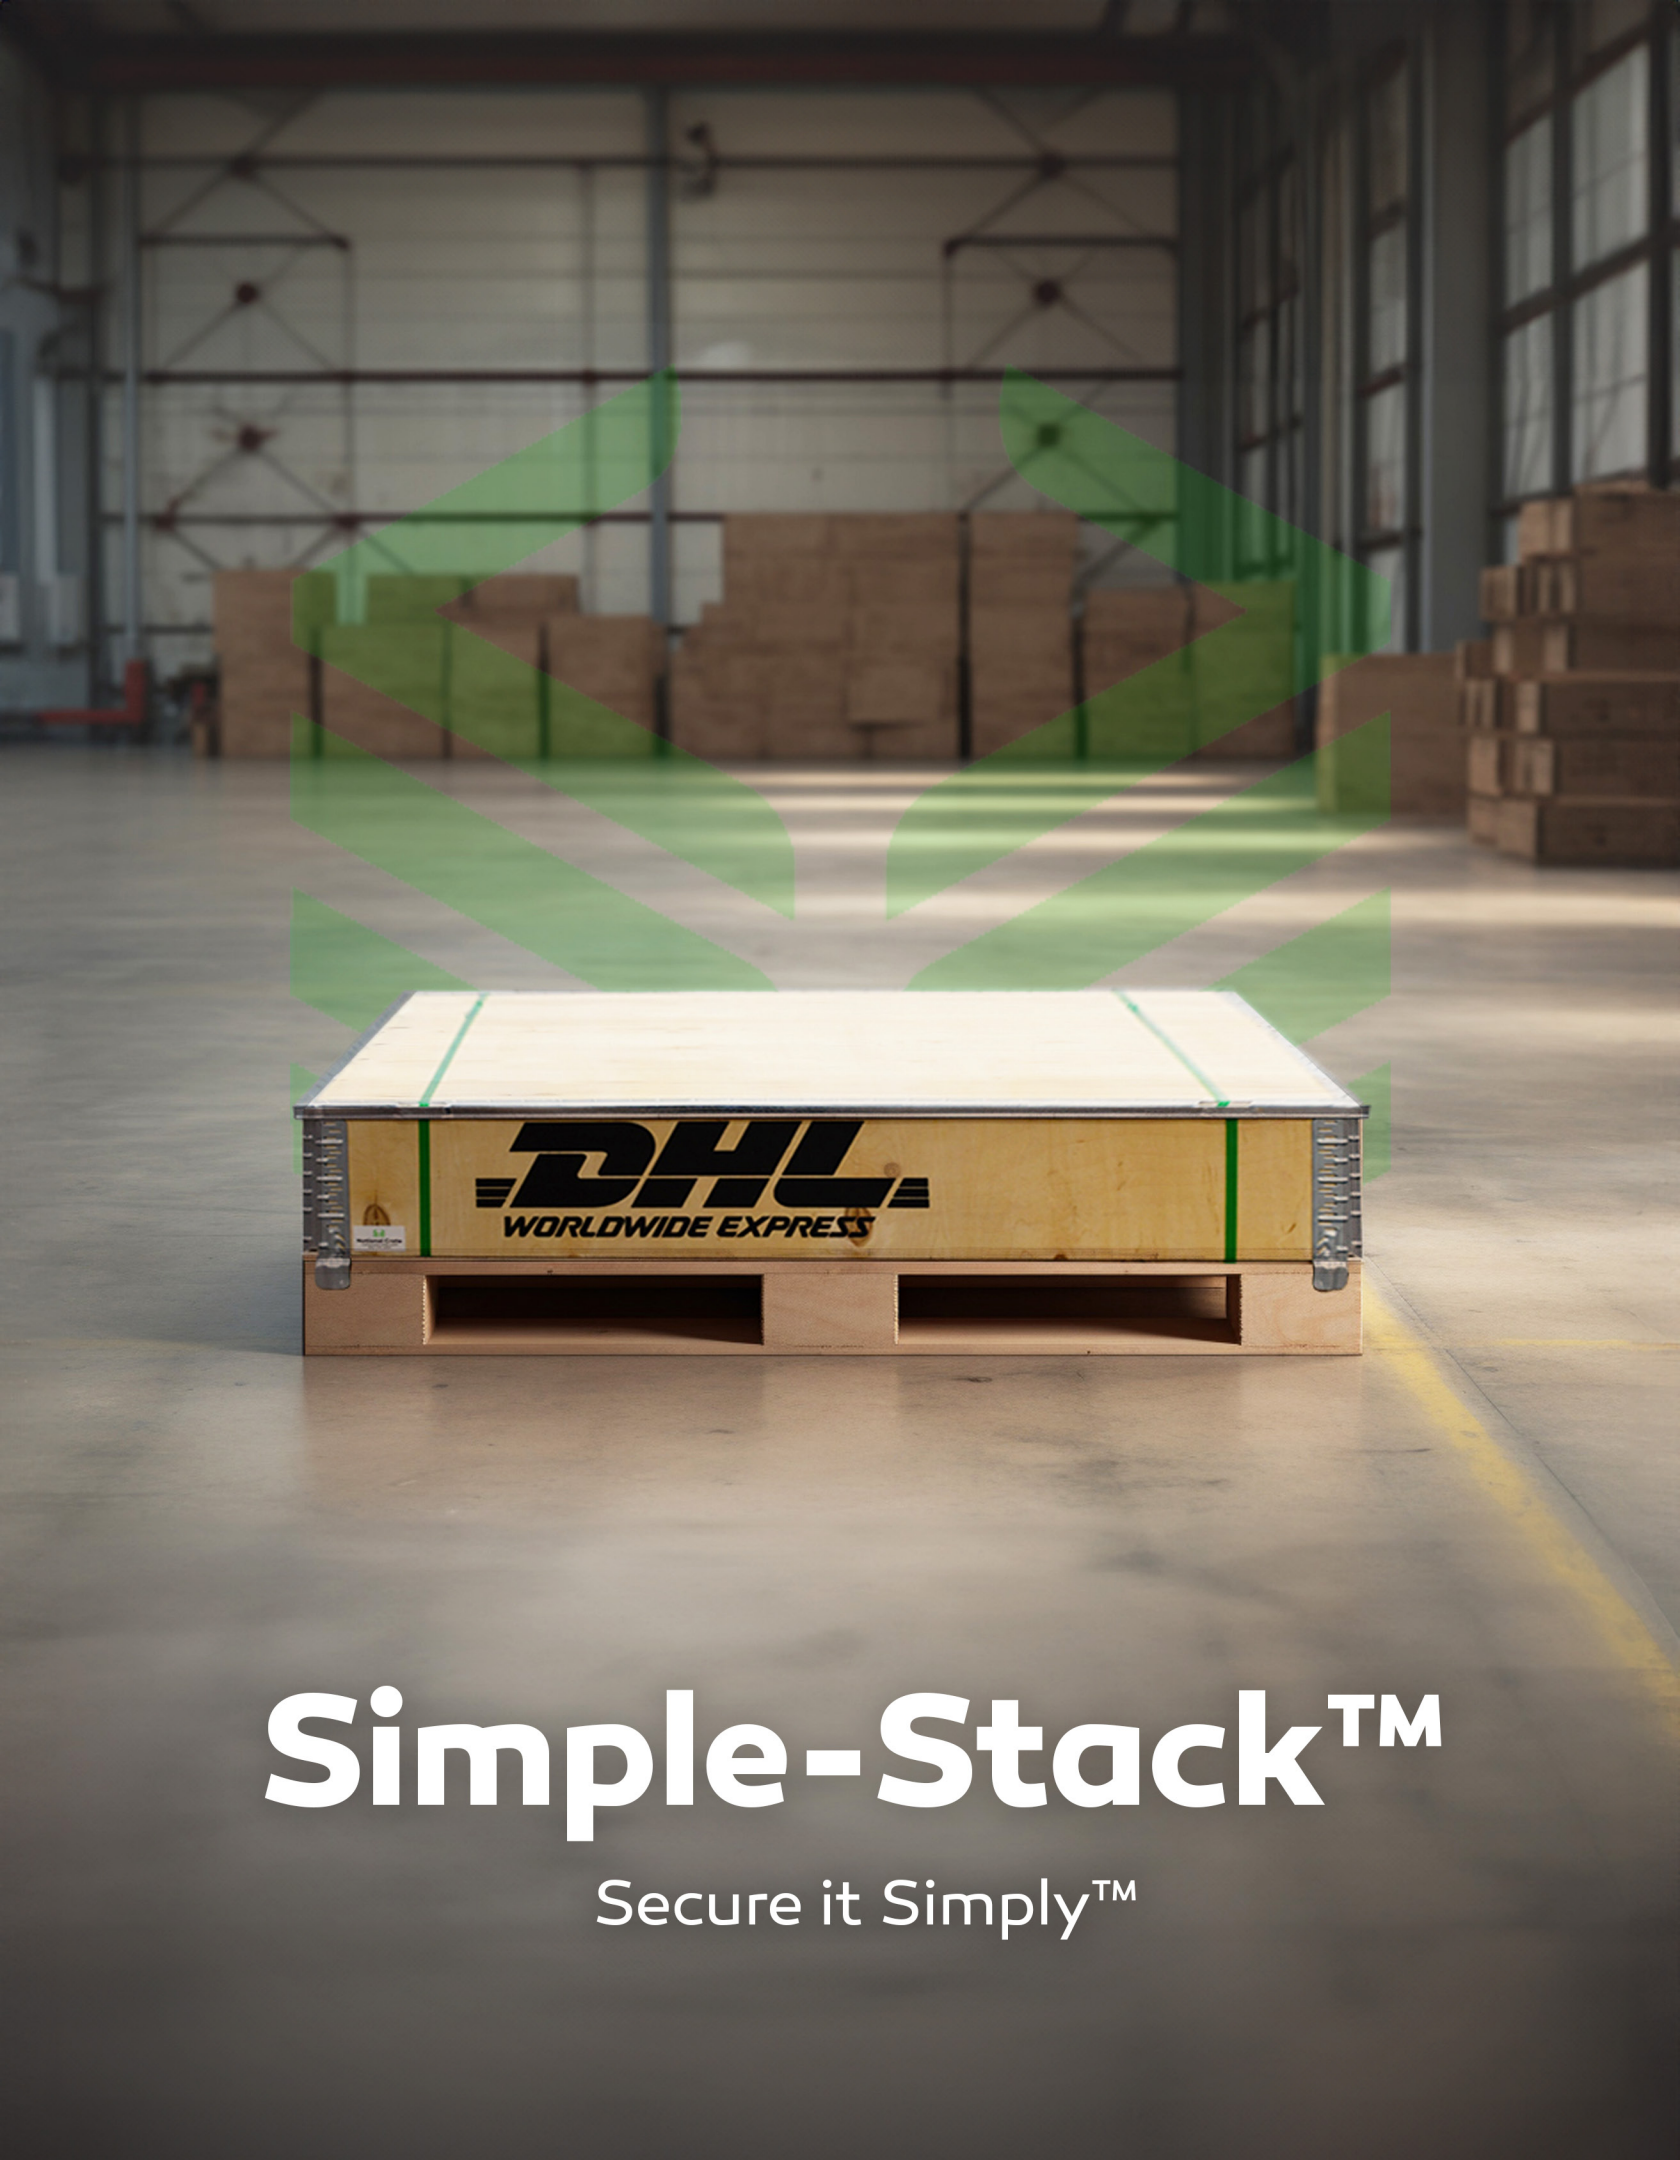

Robust and reusable nailless crates. A heavy duty alternative to the Simple-Lock™.

Specifications	
Stacking Strength	9,000 lbs - 20,000 lbs
Max Capacity	Up to 7,000 lbs
Protective	Chamfered 5-ply ¾" plywood

Watch a demo!

Our ¾" plywood Clip-Crates comply with all global ISPM-15 standards. Offering a high strength crate with reusable potential. When not in use, Clip-Crates save space by storing flat.

Simple-Stack™

Secure it Simply™

Simple-Stack™ Pallet Collars

ABOUT

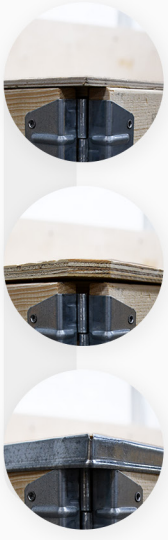

Built to maximize warehouse space.

Simple-Stack™ Pallet Collars are a perfect solution for storing, packaging and shipping products that need to stay secure and protected. Completely customizable and collapsible, built to optimize your needs.
