EXPERIENCE

HEART TO HEARTWOOD

Business Owner

Loveland, OH | March 2025 - Current

Founded Heart to Heartwood LLC, a premium home product business focused on unique designs embracing wood's natural beauty. Currently fabricating a limited edition batch of tabletop clocks. Ask me more about this!

BAXTER

Industrial Design Co-op

Batesville, IN | Sept. - Dec. 2025

Designed hospital bed rails. Helped conduct formative and summative user studies for Baxter products.

Worked in a team that won 3rd place in a hackathon, leading to 4 submitted invention records. I was the primary contributor of 2 out of the 4.

SMURFIT WESTROCK

Structural Design Co-op

West Chester, OH | May - Aug. 2024

Designed corrugate merchandising displays for P&G products from planogramming to creating dielines in ArtiosCAD to prototyping with Kongsberg cutting tables to finalizing and adding artwork details. Illustrated Packing Instructions (PI's) for manufacturing.

1819 UC MAKERSPACE

Prototyping Lab Co-op/Lab Assistant

Cincinnati, OH | Aug. 2023 - April 2024

Maintained and used SLA and FDM 3D printers, 2D plotters, and laser cutters. Taught classes for laser cutting, soldering/circuitry, and Autodesk Fusion.

Oversaw proper use of equipment and assisted people with Adobe Illustrator and Photoshop daily.

AMERICAN WOODWORKING

UX/UI and Fabrication Co-op

Amelia, OH | Jan. - May 2023

Redesigned *americanwoodworking.org* and played a major role in building three projects for the Orlando Grand Bohemian Hotel. Worked alongside master makers, experiencing every facet of wood and metal fabrication: reading blueprints, preparing materials, constructing, finishing, packaging, and shipping.
