Additional correspondent bank fees may apply on incoming and outgoing payments.

The application processing and account opening fees are non-refundable.

Transfer Fee: Depending on the specifics of your business, a fee between 0.25% and 2% of the transfer amount will be charged when you transfer money out of your account after the business relationship has ended. The minimum fee for any transfer is 500 EUR. The exact fee can also depend on the reasons our business relationship was terminated. The fee for urgent account review is an additional charge and does not replace the application processing fee or the opening of business account fee. Each SMS notification costs €0.20, while Telegram notifications are free.

Monthly Fee for Holding Funds: A small monthly charge of 1.5% / 360 days applies to your total account balance, equivalent to just 0.0042% per day. For further details or inquiries, please consult your account manager or contact us at the email provided in this price sheet.

Intensive Compliance Fee: Companies requiring additional checks will incur this fee, which ranges from 0.25% to 5%. Clients will be notified directly about this extra charge.

Application Processing Fee: The application processing fee is required for the initial review of your application. Note that this fee is non-refundable, even if WeavePay Limited decides not to proceed with account opening after the application review. Once the application is accepted, there's an additional account opening fee to commence the use of the account. The review process will only start after the application fee is fully settled with WeavePay Limited.

Amendments to Price List: This section supplements the General Terms of Service of WeavePay Limited. Prices and service descriptions may change without direct notice. Always check the official WeavePay Limited website for current rates. We may also adjust pricing based on specific customer activities or objectives.
