We're Underway with the 2026–2027 School Year!

*The new school year is underway for our WACS schools! We pray your year has begun well and that the Lord will bless your faculty, staff, students, and families in the months ahead as you continue **educating for eternity**.*

Thank you for being a part of WACS and for the important work you are doing in Christian education throughout Wisconsin!

WACS Membership Registration

Membership registrations are due to the WACS office by October 5.

Please make sure your school has completed your tab in the Google spreadsheet that was sent to the administrators and secretaries at your school. This will replace all the previous forms from past years. If you have questions or need assistance with the form, please contact the WACS office.

Membership Fees & Support

WACS membership fees are based on school enrollment and include **WACS membership benefits, student opportunities, and AACS registration.**

In addition, the WACS Board encourages each member school to consider contributing **\$10 per student and faculty member to Wisconsin Family Council** in support of their work representing Christian families and schools in Madison. While this is a suggested amount, **any level of support is appreciated.**

If your school is not already participating in the AACS achievement testing program, consider testing through the AACS program. You will find the value far outweighs the cost.

Consider These Values in Achievement Testing:

- Testing can help to verify the quality of your school's academic program.
- Testing can provide information on annual student and class progress.
- Testing results are a good public relations tool.
- Testing can help to determine if students are working at their level of ability.
- Testing can be of value in class grouping and placement.
