TONIGHT, GO BIG

MAGNUM BOTTLES

**10 OUT OF 10 PEOPLE PREFER
BIGGER BOTTLES, PROBABLY**

For a communal dining structure like COTE, magnums (or even jeroboams!) are a no-brainer, building camaraderie throughout a shared experience. These big bottles aren't just inherently impressive, but they also keep wine younger and fresher! With less overall exposure to the effects of oxygen (through the cork), the aging process of wine in a magnum takes longer than in a 750ml bottle.

SPARKLING & ROSÉ

WINES BY THE GLASS

Sparkling

Celler Kripta Cava

2019 Brut Reserva, Catalonia, Spain

20 / 31

Taittinger Champagne

Brut Réserve, France

IMPERIAL WINE OFFERINGS

We love big bottles when we can get them! We pour these magnums (and even jeroboams!) by the glass via the Coravin system, allowing us to perfectly preserve each delicious drop.

HISTORY OF SOJU

상쾌한

57 BCE – 668 CE

The Three Kingdoms period, a drink called *Minju* (미인주) “Beauty of the Pearl,” was a fermented brew made by women chewing grain and spitting it out.

13TH CENTURY

Genghis Khan introduced the Arabian araq to Mongolia and then his grandson Kublai Khan, first emperor of the Yuan Dynasty brought it to Korea. Koreans started distilling their rice brew.

1392-1910

Joseon era governments banned commercial sales of soju to maintain order. Moonshine was then made in homes, controlled by women. They made enough for their households in small batches.

1910

Japan annexed Korea, and outlawed soju and home brewing. Thousands of family recipes disappeared forever.

1963

Goal to turn South Korea from one of the poorest nations to a thriving modern economy. Commercial soju distillation returns.

1965

Grain Management Law. Rice famine led to diluted soju made with tapioca, sweet potato, and grains. Artificial sweeteners were added. Green bottle soju is born!

1998

Alcohol by volume drops to 23%

2015

Jinro soju the largest selling spirit worldwide!

TODAY

Traditional distilled craft soju has been making a comeback. Revivals and innovations are returning Korea to a land where over 170 types of liquor can be enjoyed again!

HOW TO DRINK SOJU

상쾌하고 상쾌한

Soju is essentially the Korean equivalent of vodka, it is distilled, so make sure to enjoy it responsibly!

Most importantly, enjoy with good friends and good food—cheers- 건배 geonbae!

병 속의 마법
