TERRY BLACK'S CATERING

Terry Black's Barbecue is part of Black Family Hospitality, founded in 2014 by siblings Christina, Michael, and Mark Black with the opening of our flagship restaurant in Austin, Texas, named in honor of their father, Terry. When you cater with Terry Black's, you're serving authentic Central Texas barbecue made with tradition, passion, and pride.

Bring the legendary flavors of Terry Black's Barbecue to your next event. From galas and corporate gatherings to weddings, birthdays, and everything in between, our team loves creating memorable experiences centered around exceptional food. We work closely with each client to craft a catering experience that's uniquely yours—one your guests will be talking about long after the last bite.
