

**TOOLING SOLUTIONS**

GET THE TOOLS TO HELP YOU DO YOUR JOB RIGHT.

EquipmentShare Tooling Solutions was created to complete our full-service offerings for industrial customers. With the company's explosive growth in the industrial market, it was only a matter of time before EquipmentShare brought our talents and dedication to Tooling Solutions.

Our mission is to be a resource our customers can count on — rain or shine, 24/7. We provide great equipment at competitive rates, and we stand behind every product and service. From rivet busters to stocked tool trailers, we can deliver it all anywhere in the U.S. — often at typical delivery rates.

**A BETTER WAY TO RENT**

- Newer gear, more uptime.
- Rent equipment when you need it.
Off-rent it when you don't.
- Create geofencing and utilization reports to control your jobsite and rental spend.
- Reduce theft, lost tools, safety issues and unauthorized use with our T3 connectivity.
- Know when your rental leaves our yard and is headed to yours.
- Take advantage of our service team's use of T3 tech to quickly and easily mitigate repairs and reduce downtime.

TOOLING SOLUTIONS

Mobile Tool Trailers

EquipmentShare is unrivaled in our tool trailer offerings. We want to tailor the right solution for maximum efficiency and productivity. Tracking tools on your jobsites opens a world of possibilities, including an array of billing options.

Safety and Communication

Safety is at the forefront of what we do, and we partner with you to create a safe jobsite. We have a large offering of gas monitors, hazardous location equipment and intrinsically safe radios.

Welding Cutting and Pipe Fabrication

If your job depends on joining, forming or connecting pipe or metal, our threading and pipe fabrication equipment delivers confidence and precision to every job.

Material Handling

Our manual and air hoists are recognized as the best in the rigging industry. Our rigging options provide a variety of solutions for your lifting jobs.

Hazardous Location Lighting

The most important aspect of any jobsite is safety. With that in mind, we have put together a comprehensive offering of hazardous location approved lighting.

Torquing, Hydraulic and Electrical Power Tools

Accurate torquing is critical in many of today's projects. We have a comprehensive torquing fleet to ensure you have what you need.

Electrical Contractor Tools

Benders, pullers and crimpers are just some of the electrical contractor tools we supply to keep your jobsite running smoothly.

Compressed Air Tools

Air hammers are ideal for concrete demolition and heavy-duty chipping. Pneumatic tools have to be built tough to last. Ours are manufactured in the USA and ensure your job keeps moving.

Industrial Supplies

We sell almost everything you could need on your jobsite. PPE, water, tools and fasteners are some of the thousands of products we offer. No more driving to the store. Let us bring our products to you.

Tool Testing, Certification and Repair

Keeping up with certifications and repairs on your tools can be a hassle. We can remove the burden by tracking your certifications along with testing and repair.
