

Exterior is contoured for an elegant appearance. Looks like a hung or slider window. Not flat like most casements.

Three seals on the sash for excellent thermal efficiency and prevention of air infiltration.
(Bulb, Durometer and Q-Lon)

Double strength glass for superior strength and thermal efficiency. Warm edge spacer improves glass edge surface temperature by 17°F over traditional metal spacer.

Thin line sash for maximum glass and visibility. Up to 2" more glass in width and height when compared to other casement windows.

Multi-chambered frames and sash for strength and energy efficiency. Optional foam in frame/sash.

Extruded nail-fin available.

Fusion welded frame and sash for superior strength. Each frame and sash is air tight and waterproof. One-piece construction design eliminates screws used in non-welded casements.

Heavy-duty wall thickness with multiple chambers contains more vinyl than most other casements.

Snubber(s) press the sash to the frame to prevent bowing, reduce air infiltration and improve structural performance.

Heavy-duty hinges and tracks for strength and positioning when sash is opened. Adjustable Sash.

Elegant folding hardware is functional, durable and looks great

FlexScreen Optional

Awning

	Min	Max
Width	18.5"	50"
Height	15.5"	40"
U I	35"	90"

Brick Mould Options Exterior Enhancements

TWO PART BRICK MOULD

TWO PART BRICK MOULD WITH SILL NOSE

3-1/2" EXTERIOR TRIM

Sunview Pro EnTech Insulating Glass

EnTech insulating glass units deliver the ideal energy balance of solar heat control, high visibility and fade protection. With gas filled chambers and Low-E coatings, our windows provide high levels of year-round comfort and energy savings.

	Glass Package	Pieces of Glass	Silver Layers	Gas Filler	Neat® Glass	Northern Region ENERGY STAR®	U-Value	SHGC	VT
STANDARD	EnTech EnTech is a dual-glazed, soft coat Low-E glass unit.	2	2	Argon	No	Exceeds Current	.27	.27	.46
OPTIONAL	EnTech Pro EnTech Pro is a dual-glazed, soft coat Low-E glass unit.	2	3	Argon	Yes	Meets Standard	.27	.20	.48
OPTIONAL	EnTech Peak EnTech Peak is a top-of-the-line insulating glass unit. Not available in single hung or single slider.	3	5	Argon (standard) Krypton (optional)	Yes	Exceeds Standard	.18	.18	.34

Plus (EnTech+, EnTech Pro+ and EnTech Peak+)

Add the plus feature to any of the above glass packages to obtain additional Low-E coating on the interior.

The interior piece of glass is a hard coat Low-E. This option improves the EnTech or EnTech Pro u-value between .03 and .05.

Performance numbers shown for dual glazed windows (EnTech Peak is triple-glazed) without grids. Manufacturer reserves the right to modify materials that impact ratings. ENERGY STAR criteria is based on the rigorous Northern climate zone.

*Neat® is an invisible, durable and permanent coating that helps your windows stay clean longer. It uses the sun's UV rays to loosen dirt so water can rinse it away

** Meets Northern Energy Star Standard with different option in windows. Please contact for more information.

***Results listed are for the North-Central, South-Central, and Southern regions for Energy Star. The Northern Region implements new standards. Check with your dealer for further information.
